

## ..... LATEST NEWS .....

27<sup>th</sup> October 2016

Charfield Parish Council has today been notified of some signalling work to be undertaken this weekend, 29<sup>th</sup> through to 30<sup>th</sup> October 2016 by Network Rail.

Network Rail will be conducting some piling work in order to facilitate the installation of a new signal base. This will involve 'piling' or foundation installation which is a noisy activity; however the level of noise will depend on the distance from the piling location. Due to unforeseen technical issues, Network Rail was unable to complete this work on their previous visit (15<sup>th</sup>/16<sup>th</sup> October).

The work will be taking place between **22.00 hrs on Saturday 29<sup>th</sup> October and continue until 10.00 hrs on Sunday 30<sup>th</sup> October 2016**. Network Rail will make every effort to minimise any unnecessary noise and have reminded their staff to be considerate of neighbours. All neighbours direct affected by this work have been contacted directly by Network Rail.
